KÖMMERLING 76

Double seal system - AluClip

KÖMMERLING®

DISCOVER MORE QUALITY OF LIFE.

KÖMMERLING 76 is a modern, best-in-breed window and door system. Highest quality, real heating cost savings, optimum noise protection, reliable intrusion protection and a wide range of options improve your quality of life. KÖMMERLING 76 is the right choice.

More elegance with AluClip.

The aluminium facing shell for KÖMMERLING 76 gives you the best of both worlds: elegant aluminium design in a practically unlimited range of colours, plus the optimum insulation values of a modern plastic profile system.

Combination of plastic and aluminium.

Aluminium is a uniquely elegant window material. It offers optimum weather protection, high stability, ease of care and an almost unlimited range of colour options. On the other hand, plastic delivers optimum heat insulation and noise protection, and high functional reliability. With KÖMMERLING 76 - AluClip, you get both aluminium and plastic in one innovative system.

KÖMMERLING 76 - AluClip

Window and door system with 76 mm construction depth.

- **Simple, areally flush window design with butt-jointed aluminium profiles.**
- **Outstanding heat insulation compared with aluminium windows.**
- **Wide range of glazing options up to 50 mm, from triple glazing to special functional glazing.**
- **Aluminium look on the outside, neutral white on the inside**
- **Practically unlimited choice of aluminium shell colours with finishing techniques including Eloxal and powder coating.**
- **Sustainable use of aluminium.**
- **Easy-care, durable and robust.**
