

**KÖMMERLING 88**  
Premium double seal system.

**KÖMMERLING®**

# THE WINDOW OF THE FUTURE.

It is the premium window for a new era: **KÖMMERLING 88.** Groundbreaking thermal insulation, trendsetting design, pioneering quality and security. And thanks to its modularity and the innovative upgrade technologies, revolutionary individuality.

The KÖMMERLING 88 premium window system is a high-insulation double seal system with steel reinforcements of maximum dimensions.

### Enjoy a secure, quiet and beautiful home.

When it comes to the design too, the new system is groundbreaking with its varied colour range and the option to install concealed hardware.

The inclusion of triple glazing with modern functional glazing permits maximum transparency with large windows.

### KÖMMERLING 88 double seal

Premium window system with contemporary construction depth of 88 mm.

- Heat transfer coefficient with steels as standard:  
 $U_f$  value = 1.1 W/(m<sup>2</sup>K).
- Heat transfer coefficient with steels and additional insulation:  
 $U_f$  value = 1.0 W/(m<sup>2</sup>K).
- Wide range of glazing variants up to 58 mm thick for the use of triple glazing or special functional glazing.
- Safe load transfer of the high glass weights to the central steel reinforcement.
- Outstanding handling ease and reliable functionality thanks to the most advanced technology.
- Easy-care, durable and robust.
- Classic white, laminated in woodgrains, plain colours or metallic colours.
