

A new  
era of  
windows!

# KÖMMERLING 88 MD

Premium centre seal system.

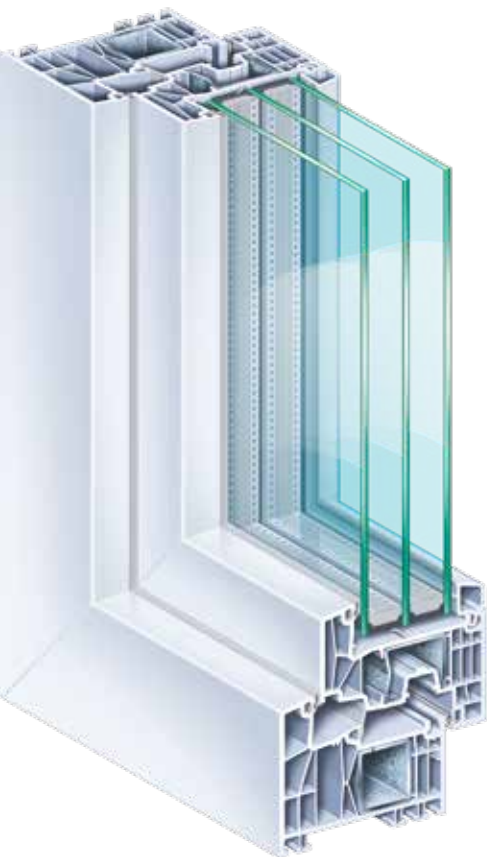

**KÖMMERLING®**

# THE WINDOW OF THE FUTURE.

**KÖMMERLING 88 MD is the premium window in a new era of window technology. It offers groundbreaking heat insulation properties, is a trendsetter in design and a pioneer in quality and security. Thanks to its modular concept and innovative upgrade technologies, it also offers impressive options for individualisation.**

## **KÖMMERLING sets the passive house window standard.**

The KÖMMERLING 88 MD premium window system boasts an innovative, highly insulating 7-chamber central gasket system with maximally dimensioned steel reinforcements. Even the standard version of the new generation of profiles satisfies passive house requirements of heat insulation when fitted with 48 mm thick triple glazing.

## **For a secure, quiet and beautiful home.**

The system also has a groundbreaking design that is available in a wide range of colours and can be equipped with concealed fittings. This smart window system can incorporate triple glazing made of modern functional glass in thicknesses of up to 58 mm. KÖMMERLING 88 MD makes it possible to have large window surfaces to maximise solar energy gains, and it provides excellent soundproofing and intruder protection.

## **KÖMMERLING 88 MD**

Premium window and door system with a contemporary installation depth of 88 mm.

- Linear, recessed design with narrow profiles for maximum light incidence and high solar energy gains.
- Passive house certified in accordance with ift directive WA-15/2 –  $U_f$  value = 0.95 W/(m<sup>2</sup>K).
- Wide range of glazing options up to 58 mm thick, from triple glazing to special functional glazing.
- Reliable distribution of high glass loads to the central steel reinforcement.
- State-of-the-art technology for excellent ease of operation and reliable function.
- Easy care, durable and robust.
- Classic white, wood texture laminate, plain or metallic colours.
