TODAY FOR TOMORROW

OPEN FOR NEW QUALITY OF LIFE

**Kömmerling 76 double seal
semi-offset**

GROUNDBREAKING IN DESIGN AND FUNCTION

Kömmerring 76 double seal, semi-offset

The Kömmerring 76 semi-offset double seal window and door system is in a class of its own. Excellent quality, groundbreaking thermal insulation, optimal sound and burglary protection and a wealth of design options leave nothing to be desired. In short: With this system, you maintain the value of your property, minimise your heating costs and maximise the feel good factor. Simply perfect for your home.

USER-FRIENDLY

- High quality of life through perfect sound insulation
- Easy to clean thanks to the robust, double-resistant surfaces
- Improved handling ease and reliable functionality through the use of state-of-the-art technology
- Replacement of old windows with new ones possible at any time

INNOVATIVE

- High level of security due to integrable burglary protection
- Intelligent fastening technology for quick, clean and uncomplicated installation
- Use of modern triple glazing or special functional glazing up to 50 mm possible

AESTHETIC

- Striking window design with wide peripheral facet
- Broad design spectrum: Available in PVC white, laminated in plain and metallic colours, in wood grains, and with the innovative proCoverTec surface technology

SUSTAINABLE

- High-insulation window and door system with 76 mm construction depth – U_f value = $1.1 \text{ W}/(\text{m}^2\text{K})$ even in the standard design
- Optimal protection against cold and heat
- Significant reduction of CO₂ emissions and heating costs
- Of lasting value thanks to robust and maximum quality
