DEFINITELY THE BEST SOLUTION

**Kömmerling SmartHome**

## Kömmerling and DeltaDore **SIMPLY SMART, SIMPLY SECURE**

The strategic partnership between Kömmerling and the smart home expert DeltaDore Group is an important milestone on the way to the smart window.

You too can benefit from this cooperation and make your home secure for the future. Depending on your requirements, we have the right modules – from wireless opening detectors to complete alarm systems - to make your home more secure.

Full app support gives you uncomplicated access and full control at all times.

If you are interested, please contact your Kömmerling window specialist for advice.

## Kömmerling SmartHome **SECURE YOUR HOME**

The combination of smoke detector and modern security system offers comprehensive protection for your home.

They save lives by providing early warning of fires and deter burglars. At the same time, they offer convenience and control by allowing you to control your home from anywhere.

Investing in these security technologies is an investing in the protection and well-being of your family.

# INSIDE

Through the integration of security elements from the Kömmerling SmartHome range, you can not only increase the security and convenience in your home, but also improve the quality of life and increase the value value of your property.

Your SmartHome can, of course, be expanded with additional components from the DeltaDore range (comfort, energy, lighting).

1

**Tydom Home SMART HOME HUB**

Smart home hub for installation in the room. Local and remote control via the free Tydom app

2

**MDO BL TYXAL+ WIRELESS MICRO OPENING DETECTOR**

Detects the opening of a door or window and reports this to the alarm centre
