

PRESS RELEASE

profine welcomes 55 new trainees

55 new entrants have started their training at profine GmbH on September 1st, 2020. 39 of them started in Pirmasens and 16 in Berlin.

The system provider of the KBE, KÖMMERLING and TROCAL brands now trains a total of 147 young men and women, with a total of 109 young professionals working at its largest site in Pirmasens.

The new trainees are spread over 15 different occupations - from traditional technical and commercial careers to logistics and IT professions. Likewise, some new entrants at profine start a dual degree course with the aim of obtaining a bachelor's degree.

Dr. Peter Mrosik, owner and CEO of profine, welcomed the new trainees via video message: "Thank you for choosing us for your career! We aim to recruit our future specialists from our own ranks also in the long term. Training and promoting young talent are among the central principles of our sustainability strategy. Welcome to the profine family!"
