

PRESS RELEASE

profine welcomes 58 new trainees

58 new entrants have started their training at profine GmbH on September 1st, 2021. 40 of them started in Pirmasens and 18 in Berlin.

The system provider of the KBE, KÖMMERLING and TROCAL brands now trains a total of 158 young men and women, with a total of 122 young professionals working at its largest site in Pirmasens.

The new trainees are spread over 14 different occupations - from traditional technical and commercial careers to logistics and IT professions. Likewise, some new entrants at profine start a dual degree course with the aim of obtaining a bachelor's degree.

Dr. Peter Mrosik, owner and CEO of profine, welcomed the new trainees via video message: "We are pleased and proud that you have chosen us for your career. Training and the promotion of young talent are among the central principles of our sustainability strategy. Welcome to the profine family!"
